

2015 Inter-Regional Visit New Orleans, Louisiana

Sunday, March 29 - Tuesday, March 31, 2015

This Inter-Regional Visit will focus on an issue of significant relevance to the Commonwealth: off-shore energy and its potential economic impact on Hampton Roads. Specifically, the purpose of the trip is to foster a high level of understanding of the key opportunities and challenges for development of off-shore energy in the Commonwealth of Virginia with an emphasis on the Hampton Roads region. The Inter-Regional visit will provide direct interaction with subject matter experts from the gulf coast of Louisiana and a site visit to a key energy industry location. A diverse group of participants from business, higher education and elected and appointed officials will provide for maximum collaboration as the Hampton Roads region prepares for the future development of energy resources. Our delegation to New Orleans will include a significant number of members of the Hampton Roads Chamber Board of Directors and Trustees. It will also include senior leaders from other Hampton Roads economic and workforce development, education, and private sector organization. Additionally, Congressman Scott Rigell, an advocate for offshore energy, will be attending as a special guest.
